DID YOU KNOW...

There is a great site called Protecting Young Eyes. This site helps us as parents and teachers keep updated on all of the new tech trends that our children might be coming into contact with. I encourage you to check it out and be sure that you are aware of what your child(ren) may be viewing online. This week's featured article is on the new app YOLO. If your child is using it- check this out as it is not the #1 most downloaded app!

LIVING THE MISSION

St. Paul Families-

WOW! Look at that beautiful sun today!! God is good and we have been blessed with a wonderful week full of exciting events. If you are similar to me you are wondering where did the time go?! I cannot believe it is May 10th and that a few short weeks from now we will all be walking out the doors to enjoy another Michigan summer!

This week we had an amazing Musical led by Mrs. Strong and Mrs. Balke. The students were amazing and it was so wonderful to see our students' talents shine on stage! Kudos to a job WELL DONE! They certainly Lived the Mission through their excellence in performing as well as how respectful they were of the space!

We also Lived the Mission this week with our 2nd and 8th graders who led us in a wonderfully special May Crowning. Watching the reverence our students showed during Mass was so special and made for a very spiritual event!

I am so proud of the excellence that our students display on a daily basis. They truly are Living the Mission by their actions, beliefs, and dedication to academics! I hope they continue to Live the Mission by showing their Mothers how much they mean to them!

Please enjoy this weekend and I look forward to seeing your smiling faces on Monday!

Blessings, Mrs. Morrow
